

UDC V8 Utes Media Release- Nov 10th 2011

Proudly Supported By:

NEW SPONSORS JOIN V8 UTE FAMILY FOR LATEST SERIES

While naming rights sponsor UDC has stepped up in their support of the UDC V8 Ute Championship this season some new sponsors were also welcomed aboard during Round 1 of the action at Pukekohe Park Raceway last weekend.

UDC have supported the V8 Utes in the past but this year they have taken the naming rights to the championship. Meanwhile two new sponsors have joined the many supporters behind the extremely popular series. Xtreme Race Clutches and Nulon Oil have both joined the family of sponsors who support the series.

Xtreme Race Clutches are an Australian company whose products are distributed throughout New Zealand by BNT Automotive. They will support the Xtreme Moment in this years series, an award for the most exciting or extreme televised moment from each weekends action. Xtreme Race Clutches will also supply race clutches, flywheels and brake lines to the UDC V8 Ute category.

Nulon Oil will offer a prize for a different facet of UDC V8 Ute competition at each round of the series. Nulon Oil will also supply oil and lubricants to UDC V8 Utes. Nulon is distributed through Repco and Supercheap outlets in New Zealand.

The new sponsors join a solid support group for the series consisting of UDC Finance, Holden, Armorall, Xtreme Race Clutches, Nulon Oil, Yokohama Tyres, Radio Hauraki, Woodstock Bourbon & Cola, BMC Air Filters, SCT, EFLive, Ford and Espresso Carwash Cafe. Both the category and the teams appreciate the support and wish to thank all category sponsors for their support this season.
