New Zealand's Ford Performance Specialists

Based at Taupo Motorsport Park

NZ Agent for Herrod Motorsport

www.ipv.co.nz

Isaac Performance Vehicles have long been recognised as New Zealand's Ford Performance enhancement specialists. Our expertise has been developed over many years of enhancing the performance of Ford vehicles.

Our Sales & Technical Staff are dedicated professionals who have extensive technical experience in the motor industry. Our Performance Technicians are Ford trained and qualified.

We are continually researching, developing & testing new products to bring to the market.

IPV is the New Zealand sole agent & distributor for Herrod Motorsport of Australia offering their range of proven Ford performance parts.

The team at IPV are committed to complete customer satisfaction. Our large number of satisfied customers New Zealand wide is testament to this.

We invite to call in to our new premises at the Taupo Motorsport Park and see for yourself how we can make your Ford, the performance car of your dreams.

## Exhausts

*IPV Ceramic Extractors & Cat Replacement Pipes*

## MORE SOUND! MORE POWER!

IPV have worked very closely with Rob Herrod of Herrod Motorsport over the years to develop a variety of exhaust systems that embrace the performance and sound output of the Ford range.

Our Stainless Steel big bore systems are manufactured from high quality 304 grade Stainless Steel (including muffler case, internals, as well as all pipework). This is of huge benefit to the longevity of the exhaust system.
